# **Vaibhav Computer Wizard**

## **“Selling Peace of Mind”**

Sir,

### **Snap Shot:**

We take this opportunity to introduce ourselves as a fast growing company in the field of I.T in the year 2007, providing quality products, services, solutions & latest technology to customers. We deal in Branded computers, peripherals, Networking, LCD projectors and Branded Lap-tops.

### **Mission Statement|**

Our mission is to provide -- world class, high performance, end-to-end solutions to all our customers. “Selling peace of mind” is our motto. Our mission puts customers first and we draw our strength from our people, who are our biggest assets.

### **Vision Statement**

Our vision is to become one of the top three leading Systems Integrators in the country ten years hence. Build the organization as it grows and become the most preferred organization to deal with and to work with. Keep and maintain our customers with value added services.

## **The Client**

Our clients choose to work with us because they know they are always our first priority. Consultants, we provide them with fully customized solutions that can be integrated into their existing business and technological architecture to derive the maximum benefit with minimum outlay. On the procurement side, our biggest strength has been the ability to provide difficult-to-find value-added products quickly and efficiently, allowing our clients to function with minimum disruption of business.

## **Solutions**

### **Desktop Support Services**

Our Desktop Support Services include quality technical administration, maintenance and support. Our teams have experience working with virtually all platform including Macintosh, Microsoft, Novell and UNIX. We offer technical support, software installation, network maintenance, anti-virus installations and RAM upgrades. Through our support services, we help customers achieve maximum availability for their centrally managed systems, desktop systems and network systems.

### **Backup Services (Data)**

Backup services are considered one of the MOST important factors in Contingency Planning. It involves protecting critical data of the company so there is never any data loss in case hardware or software gets corrupted or if a user accidentally deleted sensitive data.

- 1 Designing and implementing a Backup Strategy for the environment.
- 2 Identifying and recommending Backup practices/procedures.
- 3 Configuring Backup services using recommended Backup Software.
- 4 Configuring different Backup Frequency varying on size of data and frequency of data change.

## Network Management

We can develop a complete solution for Capacity planning, proactive troubleshooting, performance optimization, and service level managements. Our strength lies in devising collaborative strategies that take into account the unique challenges and goals of each of our clients and in helping them deliver the Vaibhav Computer Wizard to meet there specific objectives.

- 1 Designing a Network plan.
- 2 Designing and implementing common Access Structure, e.g. Domain model, Peer to Peer, client/server etc.
- 3 Creating Users, Security access, Permissions, Share, etc.\
- 4 Printer queue sharing.
- 5 \internet connectivity for office.
- 6 Troubleshooting Network related problems.
- 7 UPS installation and recommendation.
- 8 LAN cabling.

## Network and Cabling Services

Our network and cabling solutions and services can be tailored to suit any environment – from simple additions, relocations or changes, to complete enterprise build-outs.

Our services can include:

- 1 Designing and building LAN and WANs
- 2 Installations
- 3 Troubleshooting

## E-mail Management

- 1 Building dedicated mail servers (MS Exchange 6.0/Exchange 2000) for office e-mail managements.
- 2 Configuring Mail Server connectivity to the internet and to local users.
- 3 Configuring Mail Clients (Outlook 97/98/2000/xp, Outlook Express 6.0) on user desktops.
